*Titus Hildenbrand			

PRELIMINARY SEATING

Returning TPYO members are listed first, in the order from this past year.. New members of the 2026-2027 TPYO are shown in **bold**.

Alternate Players are indicated by an asterisk (*). An alternate does not attend rehearsals. Alternates will be contacted if a position in the TPYO becomes available at any point during the year.

Seating Assignments - Initial seating determined by auditions held during the rehearsal on Sat., September 12. Read below information about String Section Seating Checks and the Violin Seating Plan.

STRING SECTION SEATING CHECKS

After the initial seating check, two additional seating checks will be held prior to the major performance. These checks, covering the more difficult passages of the music, are held to provide motivation for serious preparation of the concert music and as an incentive of higher levels of individual performance.

TPYO VIOLIN SEATING PLAN

Based on the fall seating auditions, the seating plan strives to divide the strength between the two sections. Each section will play one half of a concert as Violin I and the other half as Violin II.
